

# ALICE IN ADAMS COUNTY

## 2022 Point-in-Time Data

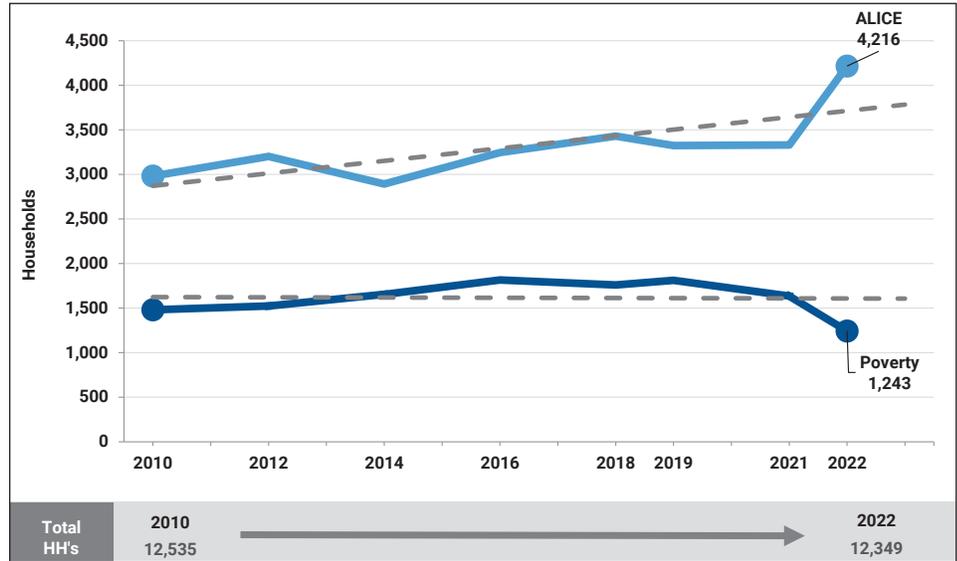

**Population:** 35,827 • **Number of Households:** 12,349  
**Median Household Income:** \$61,731 (state average: \$66,785)  
**Labor Force Participation Rate:** 61.9% (state average: 63.9%)  
**ALICE Households:** 34% (state average: 27%) • **Households in Poverty:** 10% (state average: 13%)

## Financial Hardship Over Time

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 5,459 households (44%) were below the ALICE Threshold in Adams County.

## Households by Income, Adams County, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Adams County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Adams County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

# ALICE IN BROWN COUNTY

## 2022 Point-in-Time Data

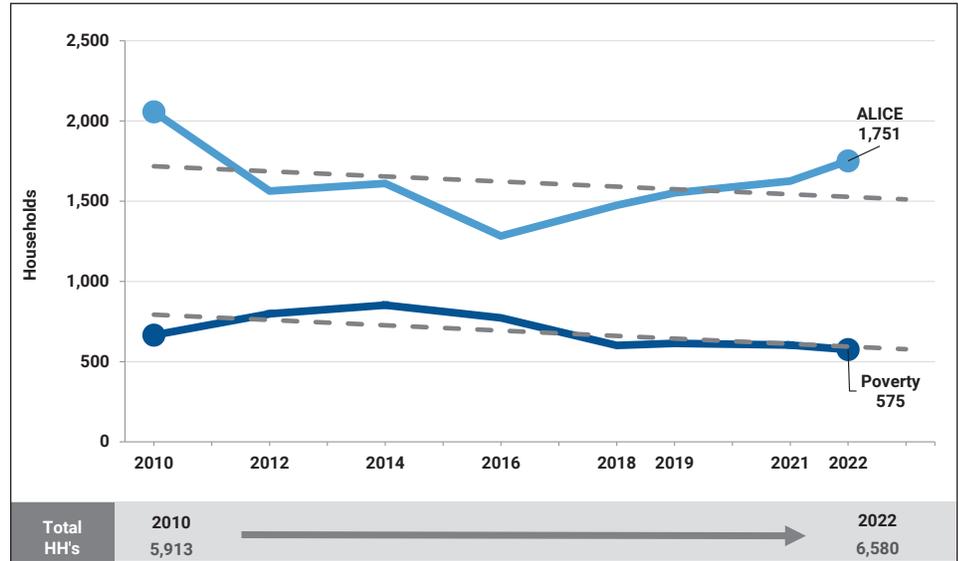

**Population:** 15,513 • **Number of Households:** 6,580  
**Median Household Income:** \$73,933 (state average: \$66,785)  
**Labor Force Participation Rate:** 57.6% (state average: 63.9%)  
**ALICE Households:** 27% (state average: 27%) • **Households in Poverty:** 9% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 2,326 households (35%) were below the ALICE Threshold in Brown County.

## Households by Income, Brown County, 2010–2022

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Brown County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Brown County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

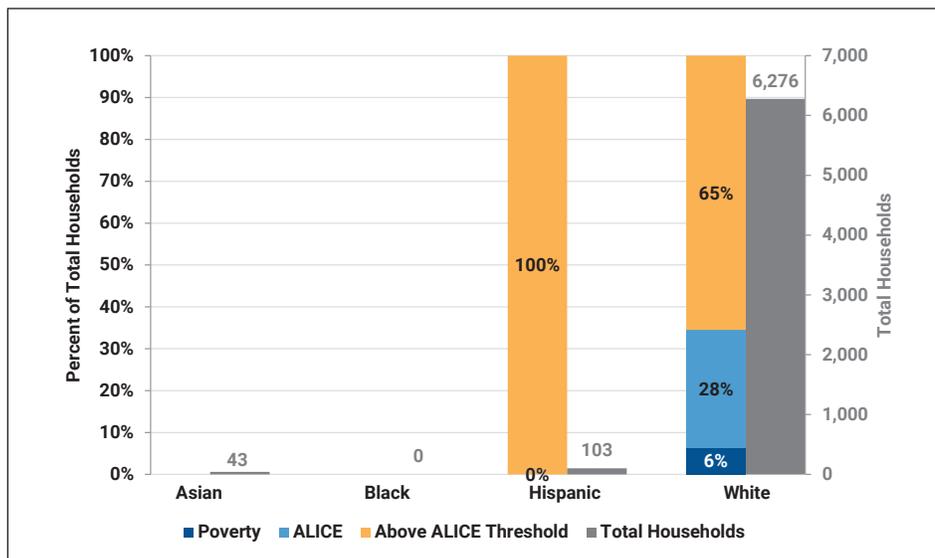

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN CRAWFORD COUNTY

## 2022 Point-in-Time Data

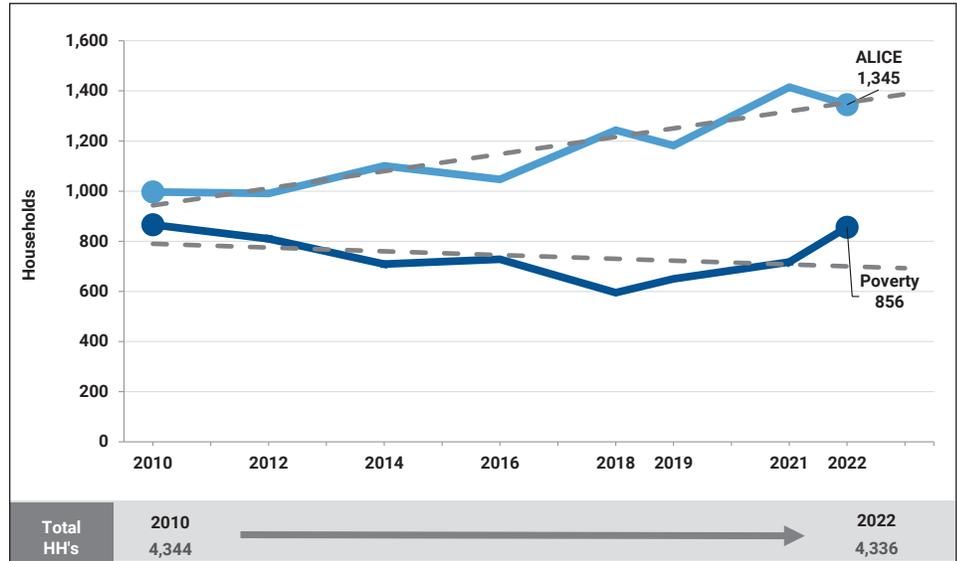

**Population:** 10,511 • **Number of Households:** 4,336  
**Median Household Income:** \$46,706 (state average: \$66,785)  
**Labor Force Participation Rate:** 53.3% (state average: 63.9%)  
**ALICE Households:** 31% (state average: 27%) • **Households in Poverty:** 20% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 2,201 households (51%) were below the ALICE Threshold in Crawford County.

## Households by Income, Crawford County, 2010–2022

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Crawford County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Crawford County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

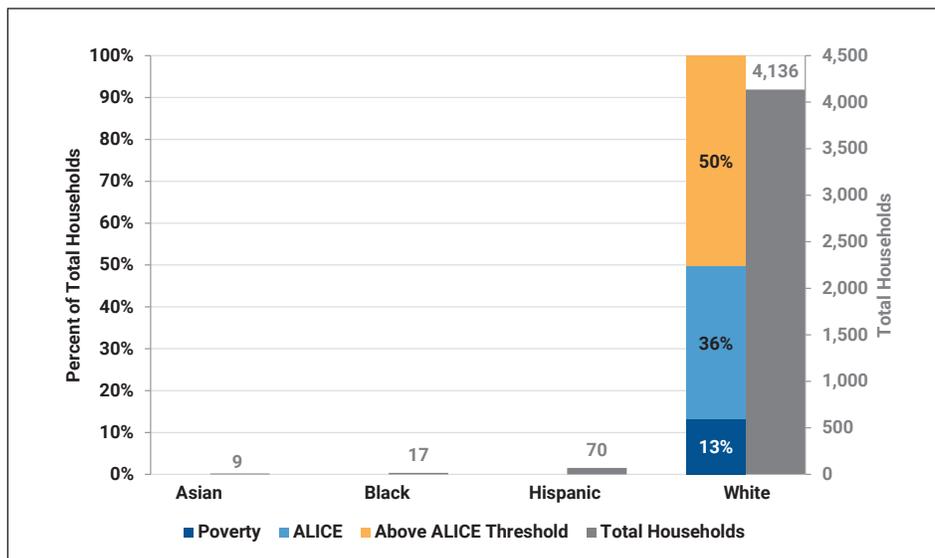

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN DUBOIS COUNTY

## 2022 Point-in-Time Data

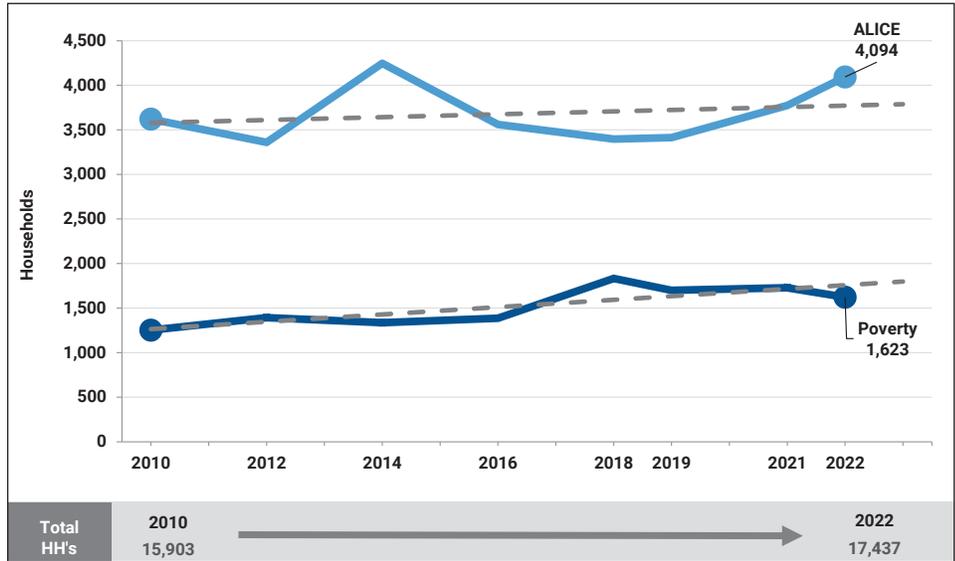

**Population:** 43,584 • **Number of Households:** 17,437  
**Median Household Income:** \$68,945 (state average: \$66,785)  
**Labor Force Participation Rate:** 67.9% (state average: 63.9%)  
**ALICE Households:** 23% (state average: 27%) • **Households in Poverty:** 9% (state average: 13%)

## Financial Hardship Over Time

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 5,717 households (33%) were below the ALICE Threshold in Dubois County.

## Households by Income, Dubois County, 2010–2022

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Dubois County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Dubois County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

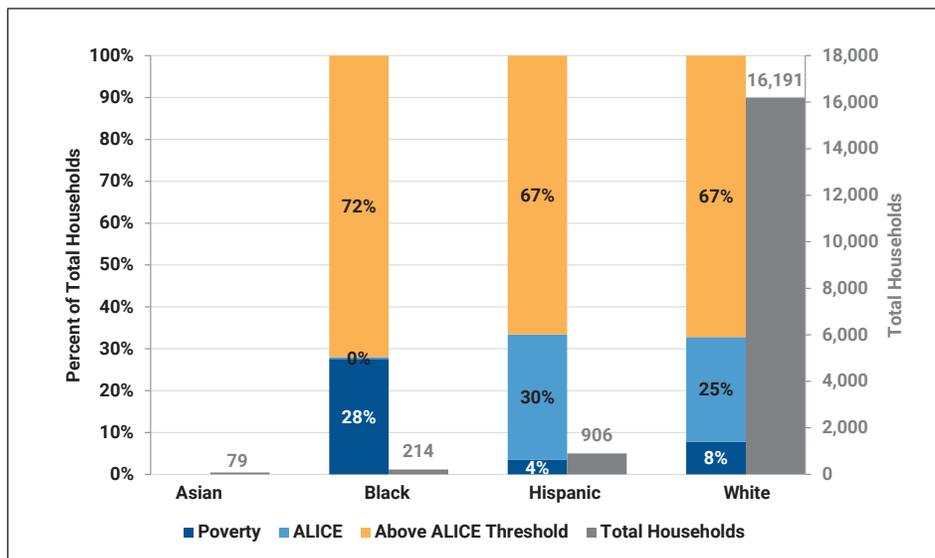

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

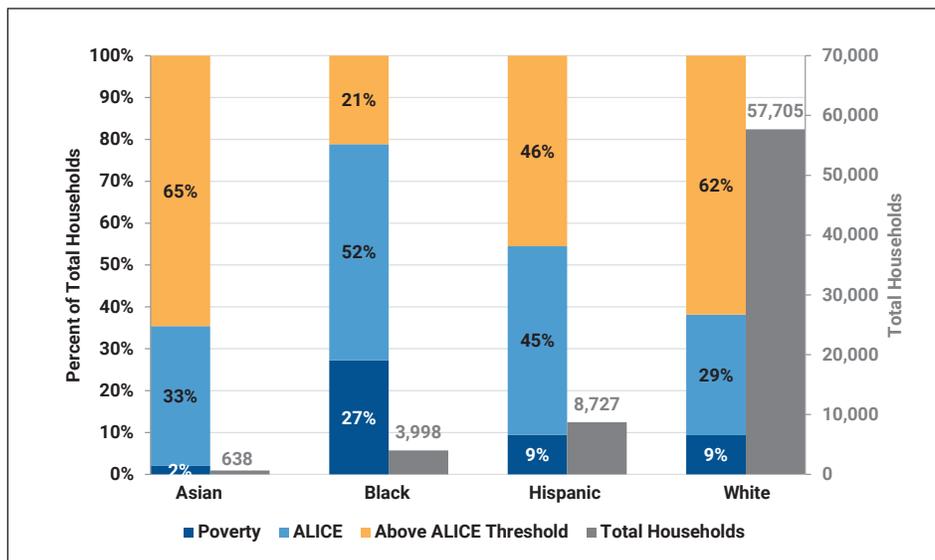

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

## Household Financial Status by Household Type, Franklin County, 2022

# ALICE IN FULTON COUNTY

## 2022 Point-in-Time Data

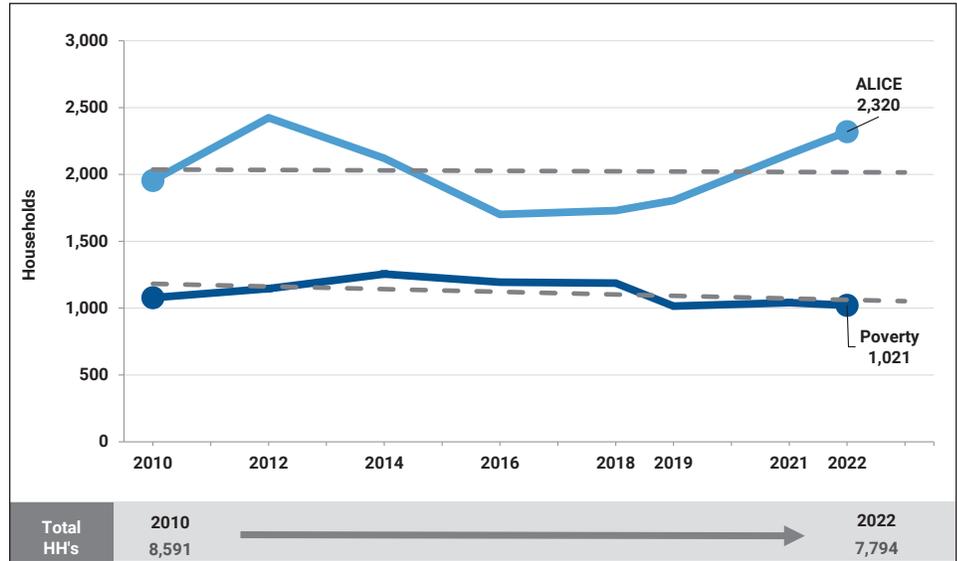

**Population:** 20,420 • **Number of Households:** 7,794  
**Median Household Income:** \$62,644 (state average: \$66,785)  
**Labor Force Participation Rate:** 59.5% (state average: 63.9%)  
**ALICE Households:** 30% (state average: 27%) • **Households in Poverty:** 13% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 3,341 households (43%) were below the ALICE Threshold in Fulton County.

## Households by Income, Fulton County, 2010–2022

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Fulton County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

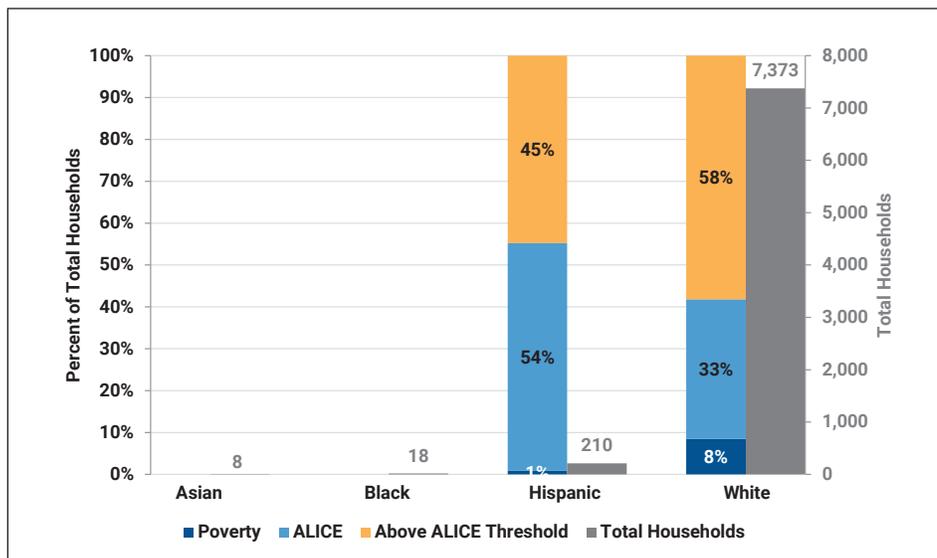

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

## Household Financial Status by Household Type, Hancock County, 2022

Sources: ALICE Threshold, 2022; American Community Survey, 2022

## Household Financial Status by Race/Ethnicity, Hancock County, 2022

Note: Asian, Black, and White racial categories are for one race alone. Race and Hispanic ethnicity are overlapping categories. The Asian and Black groups may include Hispanic households; the White group includes only White, non-Hispanic households. The Hispanic ethnic group may include households of any race.

# ALICE IN HARRISON COUNTY

## 2022 Point-in-Time Data

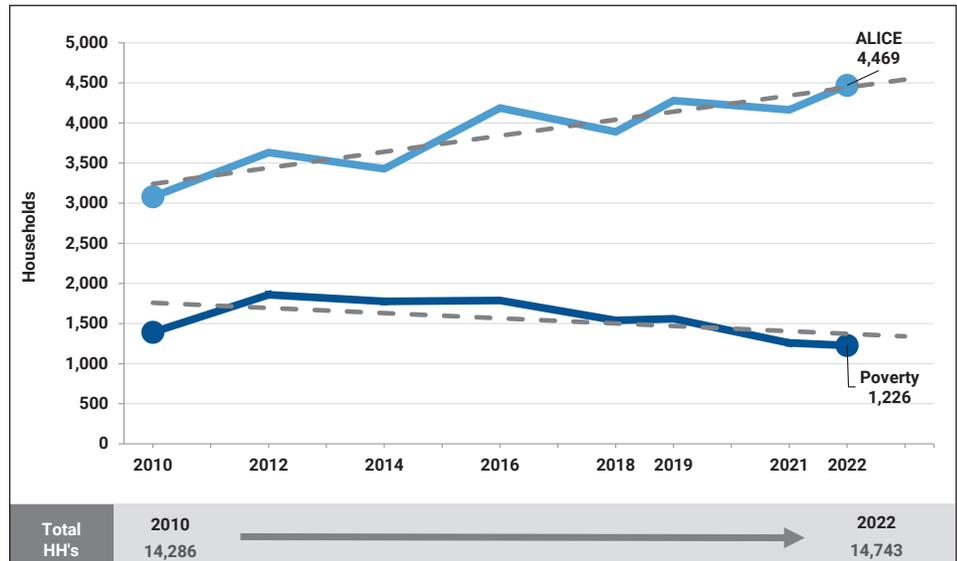

**Population:** 39,684 • **Number of Households:** 14,743  
**Median Household Income:** \$71,302 (state average: \$66,785)  
**Labor Force Participation Rate:** 60.4% (state average: 63.9%)  
**ALICE Households:** 30% (state average: 27%) • **Households in Poverty:** 8% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 5,695 households (39%) were below the ALICE Threshold in Harrison County.

## Households by Income, Harrison County, 2010–2022

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Harrison County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

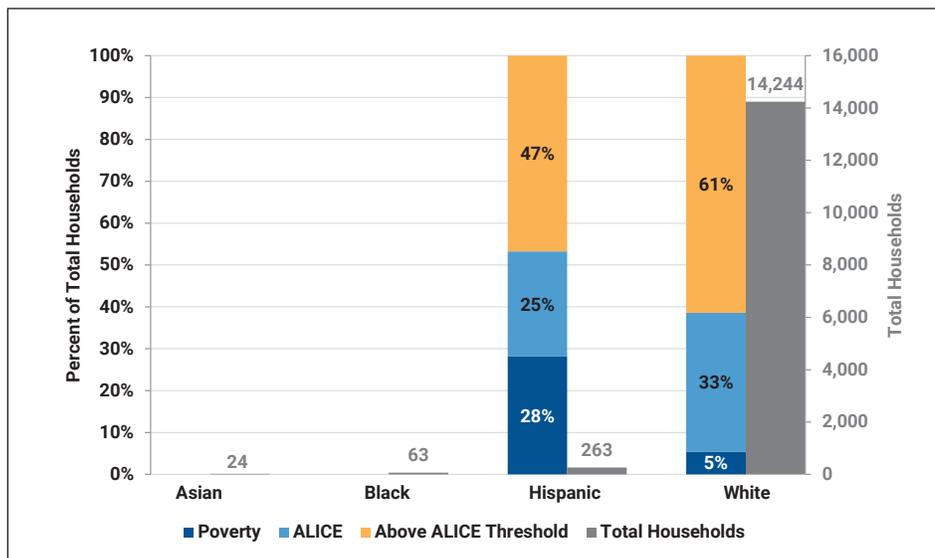

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN JASPER COUNTY

## 2022 Point-in-Time Data

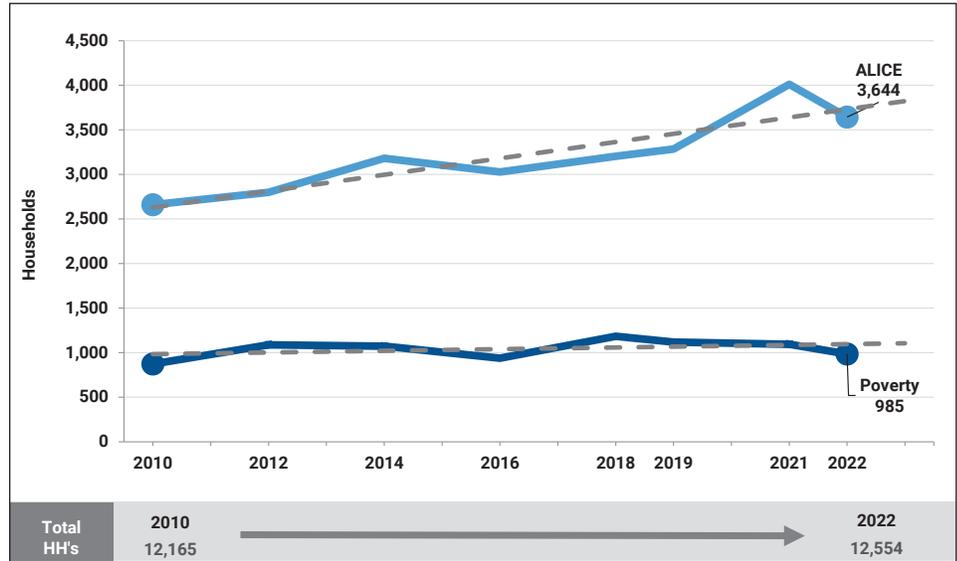

**Population:** 33,045 • **Number of Households:** 12,554  
**Median Household Income:** \$77,777 (state average: \$66,785)  
**Labor Force Participation Rate:** 61.1% (state average: 63.9%)  
**ALICE Households:** 29% (state average: 27%) • **Households in Poverty:** 8% (state average: 13%)

## Financial Hardship Over Time

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 4,629 households (37%) were below the ALICE Threshold in Jasper County.

## Households by Income, Jasper County, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Jasper County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

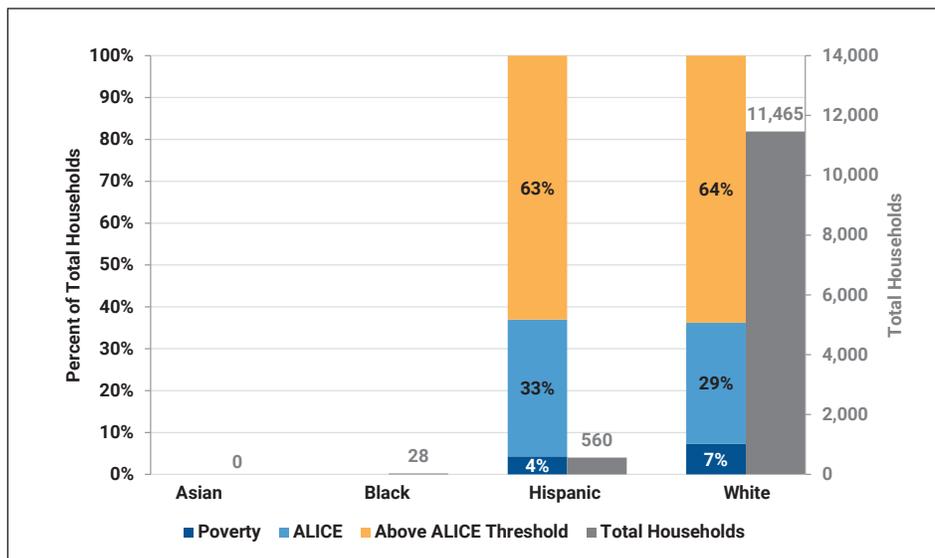

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN KOSCIUSKO COUNTY

## 2022 Point-in-Time Data

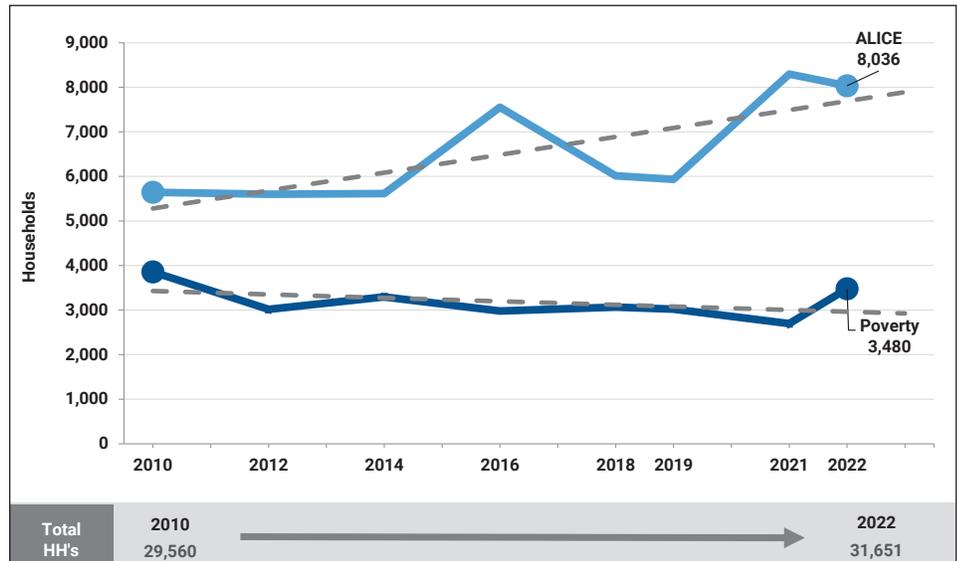

**Population:** 80,826 • **Number of Households:** 31,651  
**Median Household Income:** \$68,778 (state average: \$66,785)  
**Labor Force Participation Rate:** 64.6% (state average: 63.9%)  
**ALICE Households:** 25% (state average: 27%) • **Households in Poverty:** 11% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 11,516 households (36%) were below the ALICE Threshold in Kosciusko County.

**Median Household Income:** \$58,937 (state average: \$66,785)  
**Labor Force Participation Rate:** 60.2% (state average: 63.9%)  
**ALICE Households:** 26% (state average: 27%) • **Households in Poverty:** 15% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 22,079 households (41%) were below the ALICE Threshold in Madison County.

## Households by Income, Madison County, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Madison County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Madison County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

# ALICE IN MONTGOMERY COUNTY

## 2022 Point-in-Time Data

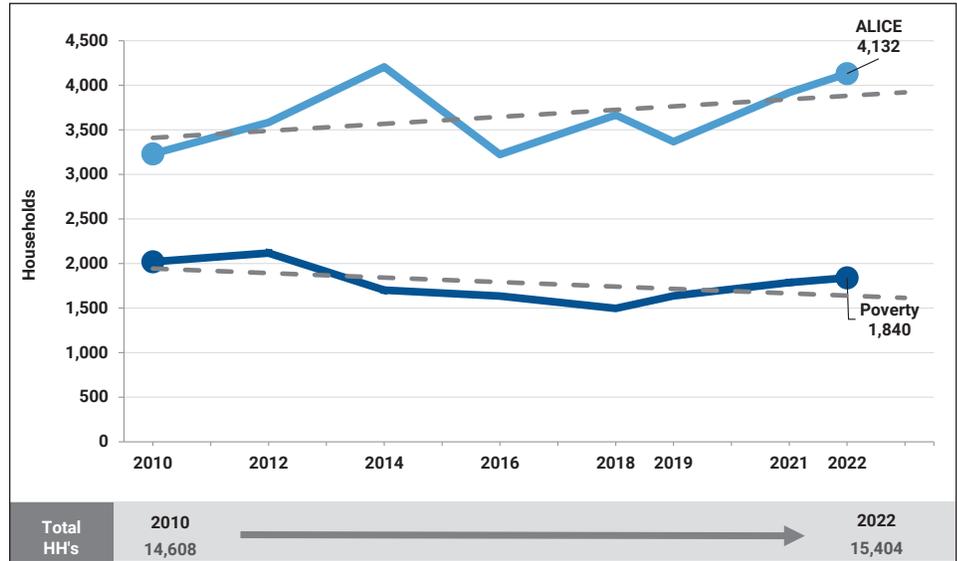

**Population:** 38,018 • **Number of Households:** 15,404  
**Median Household Income:** \$62,937 (state average: \$66,785)  
**Labor Force Participation Rate:** 63.9% (state average: 63.9%)  
**ALICE Households:** 27% (state average: 27%) • **Households in Poverty:** 12% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 5,972 households (39%) were below the ALICE Threshold in Montgomery County.

## Households by Income, Montgomery County, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Montgomery County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Montgomery County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

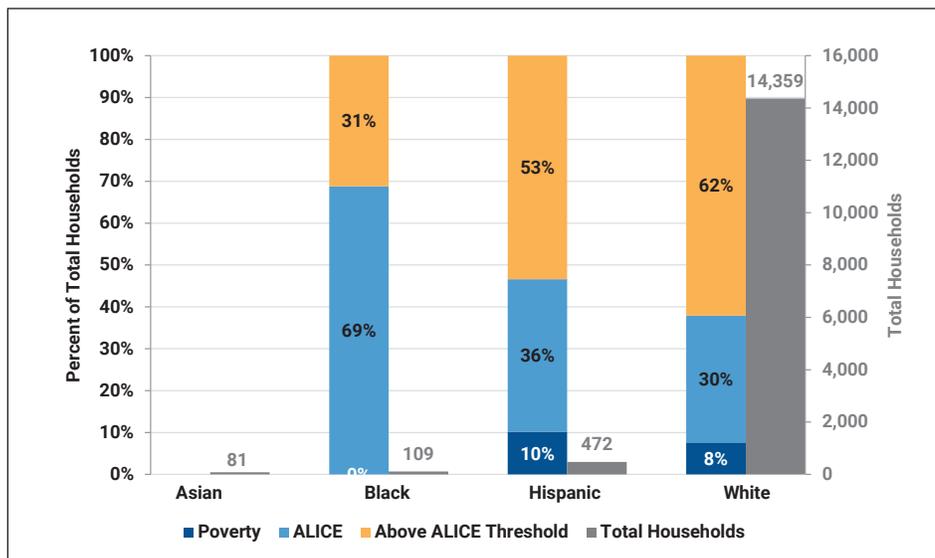

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN OWEN COUNTY

## 2022 Point-in-Time Data

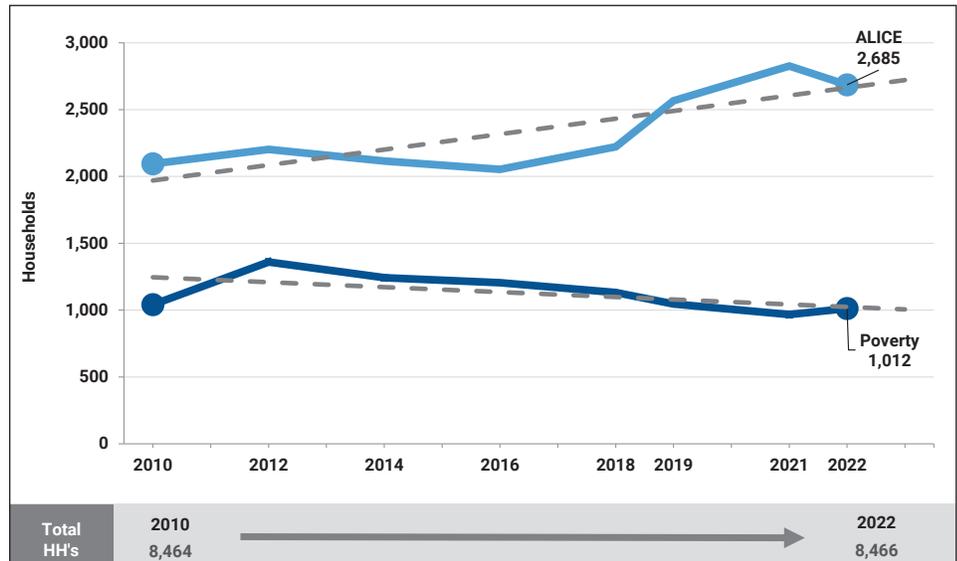

**Population:** 21,361 • **Number of Households:** 8,466  
**Median Household Income:** \$57,947 (state average: \$66,785)  
**Labor Force Participation Rate:** 60.2% (state average: 63.9%)  
**ALICE Households:** 32% (state average: 27%) • **Households in Poverty:** 12% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 3,697 households (44%) were below the ALICE Threshold in Owen County.

## Households by Income, Owen County, 2010–2022

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Owen County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Owen County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

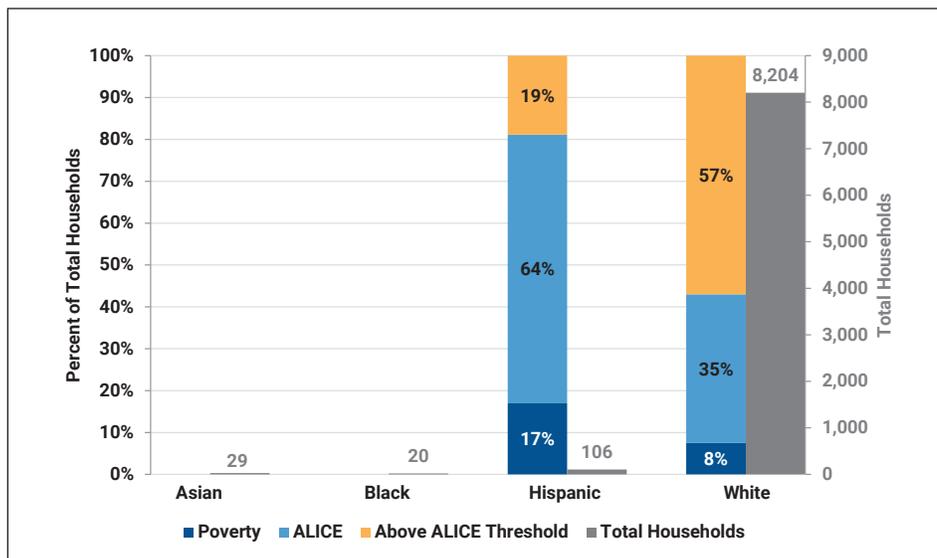

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN PULASKI COUNTY

## 2022 Point-in-Time Data

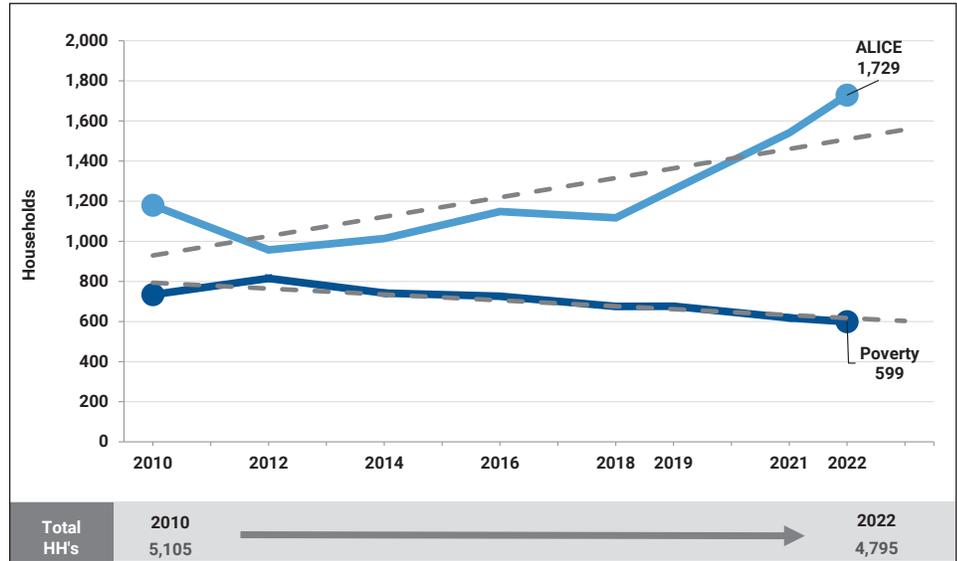

**Population:** 12,498 • **Number of Households:** 4,795  
**Median Household Income:** \$56,823 (state average: \$66,785)  
**Labor Force Participation Rate:** 61.9% (state average: 63.9%)  
**ALICE Households:** 36% (state average: 27%) • **Households in Poverty:** 12% (state average: 13%)

## Financial Hardship Over Time

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 2,328 households (49%) were below the ALICE Threshold in Pulaski County.

## Households by Income, Pulaski County, 2010–2022

Note: See an interactive version of this data at [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana)

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Pulaski County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Pulaski County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

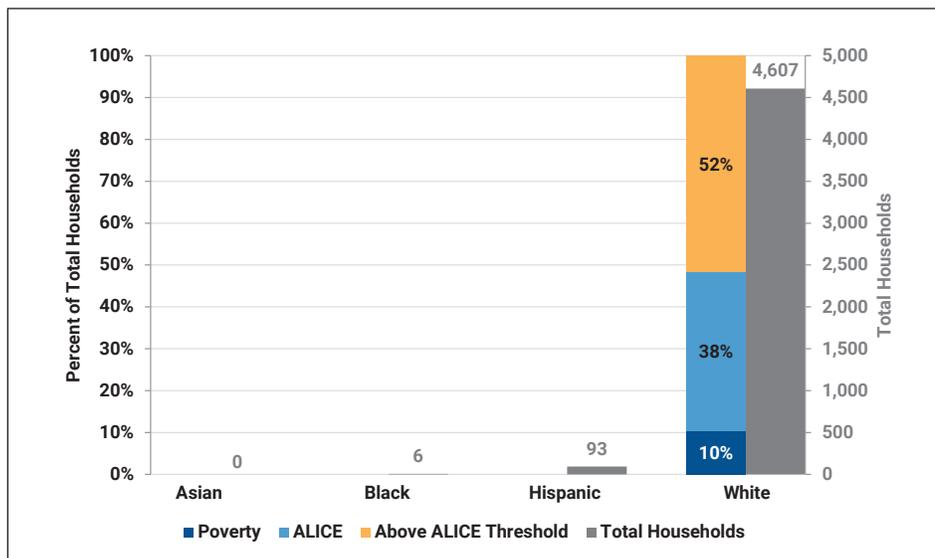

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN SCOTT COUNTY

## 2022 Point-in-Time Data

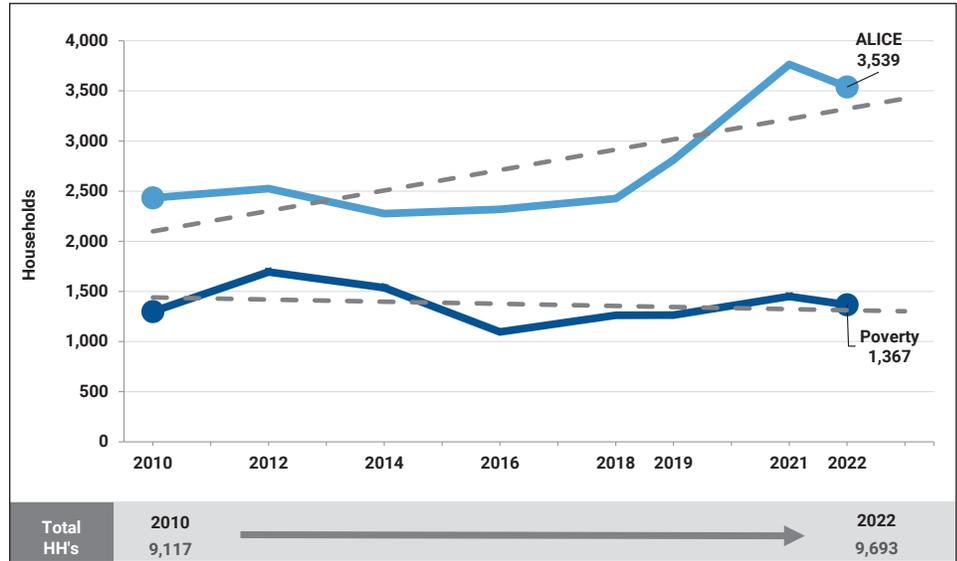

**Population:** 24,403 • **Number of Households:** 9,693  
**Median Household Income:** \$49,343 (state average: \$66,785)  
**Labor Force Participation Rate:** 58.5% (state average: 63.9%)  
**ALICE Households:** 37% (state average: 27%) • **Households in Poverty:** 14% (state average: 13%)

## Financial Hardship Over Time

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 4,906 households (51%) were below the ALICE Threshold in Scott County.

## Households by Income, Scott County, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Scott County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Scott County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

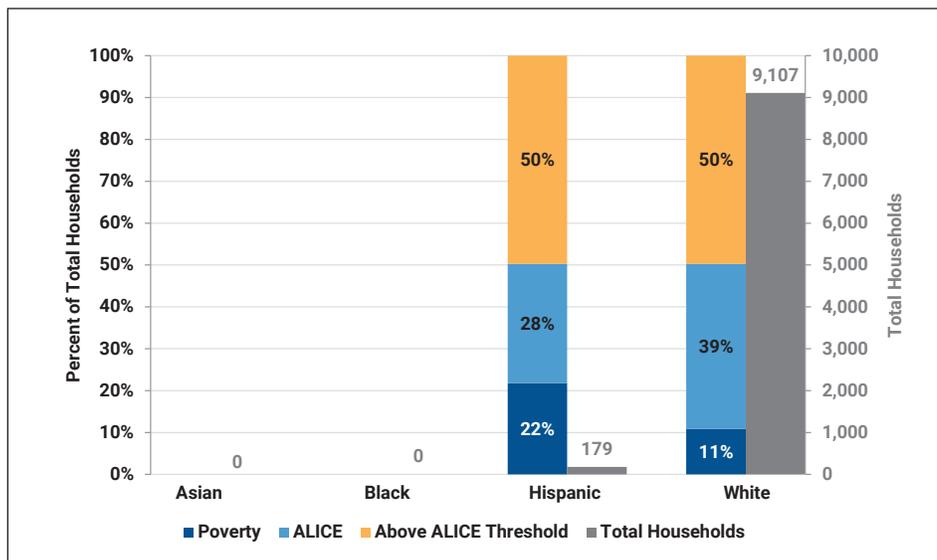

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

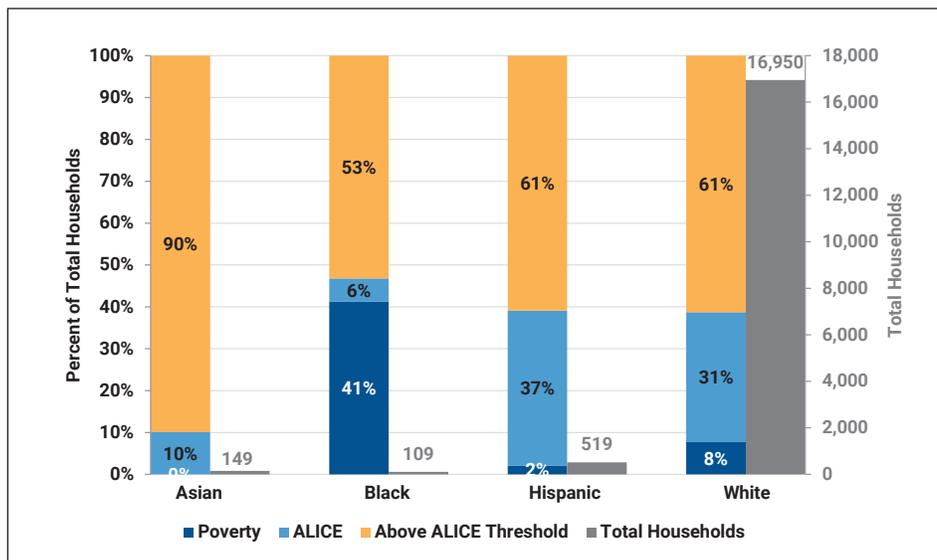

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

# ALICE IN SWITZERLAND COUNTY

## 2022 Point-in-Time Data

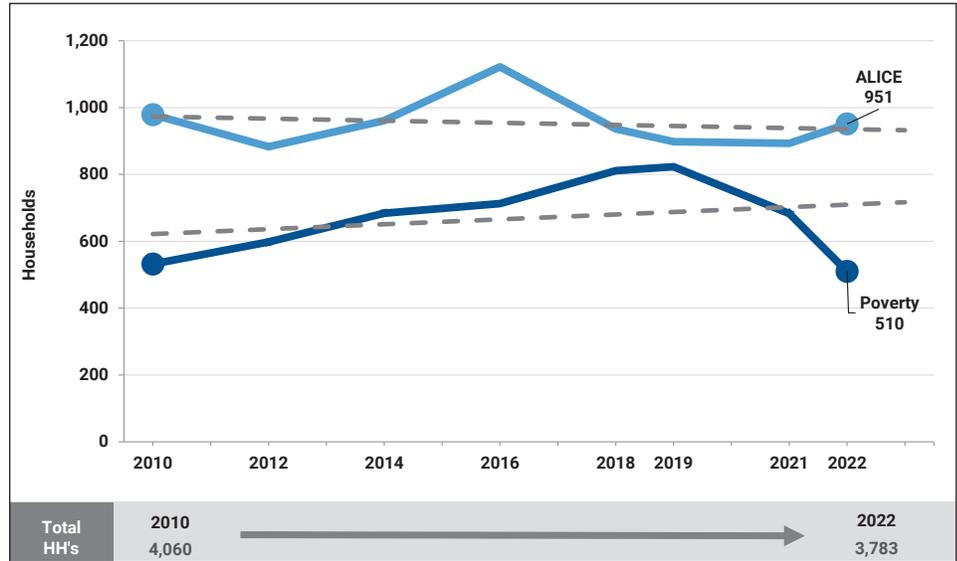

**Population:** 9,896 • **Number of Households:** 3,783  
**Median Household Income:** \$66,525 (state average: \$66,785)  
**Labor Force Participation Rate:** 58.8% (state average: 63.9%)  
**ALICE Households:** 25% (state average: 27%) • **Households in Poverty:** 13% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 1,461 households (39%) were below the ALICE Threshold in Switzerland County.

## Households by Income, Switzerland County, 2010–2022

Sources: ALICE Threshold, 2010–2022; American Community Survey, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Switzerland County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Switzerland County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

Vermillion County, 2022		
Town	Total Households	% ALICE & Poverty
Clinton township	3,827	46%
Eugene township	686	42%
Helt township	1,024	35%
Highland township	691	29%
Vermillion township	278	42%

Note: Municipal-level data on this page is 5-year averages for Census County Subdivisions. Data for counties with populations over 65,000 is 1-year estimates. Geographies with fewer than 100 households are not included. Therefore, totals will not match the county-level numbers.

## 2022 Point-in-Time Data

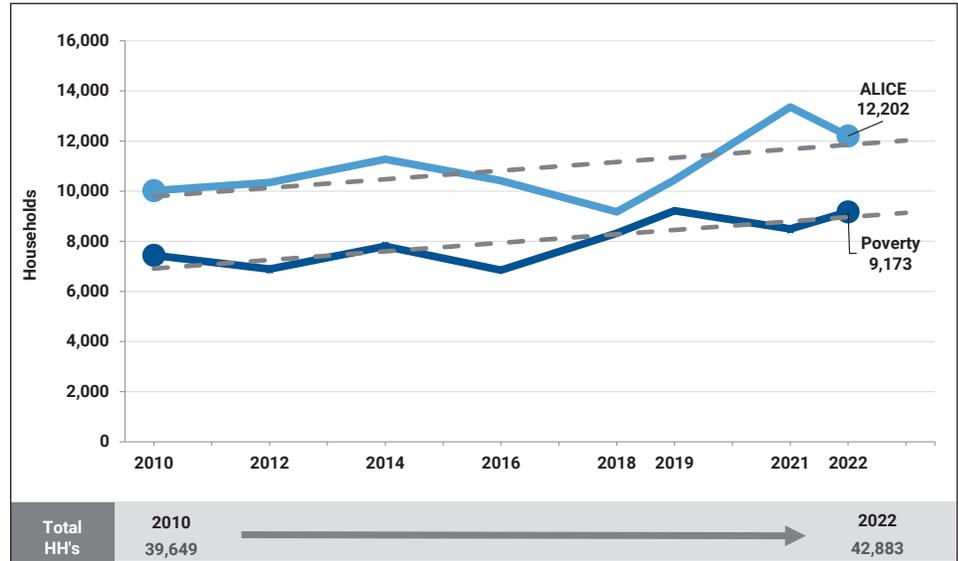

**Population:** 106,006 • **Number of Households:** 42,883  
**Median Household Income:** \$51,125 (state average: \$66,785)  
**Labor Force Participation Rate:** 55.4% (state average: 63.9%)  
**ALICE Households:** 28% (state average: 27%) • **Households in Poverty:** 21% (state average: 13%)

## Financial Hardship Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 21,375 households (50%) were below the ALICE Threshold in Vigo County.

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Vigo County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

To see costs for different household compositions in Vigo County, visit [UnitedForALICE.org/Household-Budgets/Indiana](https://UnitedForALICE.org/Household-Budgets/Indiana)

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

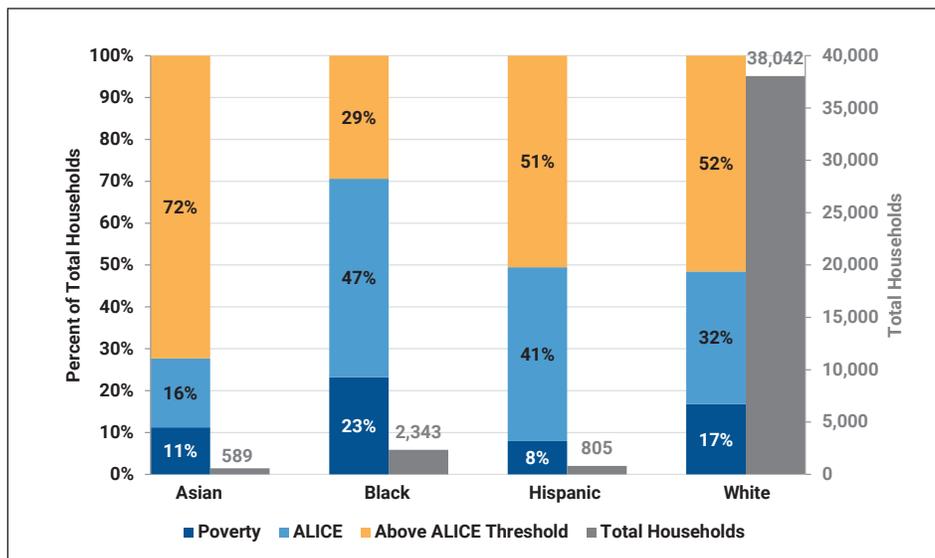

Visit [UnitedForALICE.org/Indiana](https://UnitedForALICE.org/Indiana) to view more national, state, and county data.

## Household Financial Status by Household Type, Wayne County, 2022

Sources: ALICE Threshold, 2022; American Community Survey, 2022

## Household Financial Status by Race/Ethnicity, Wayne County, 2022

Note: Asian, Black, and White racial categories are for one race alone. Race and Hispanic ethnicity are overlapping categories. The Asian and Black groups may include Hispanic households; the White group includes only White, non-Hispanic households. The Hispanic ethnic group may include households of any race.

## 2022 Point-in-Time Data

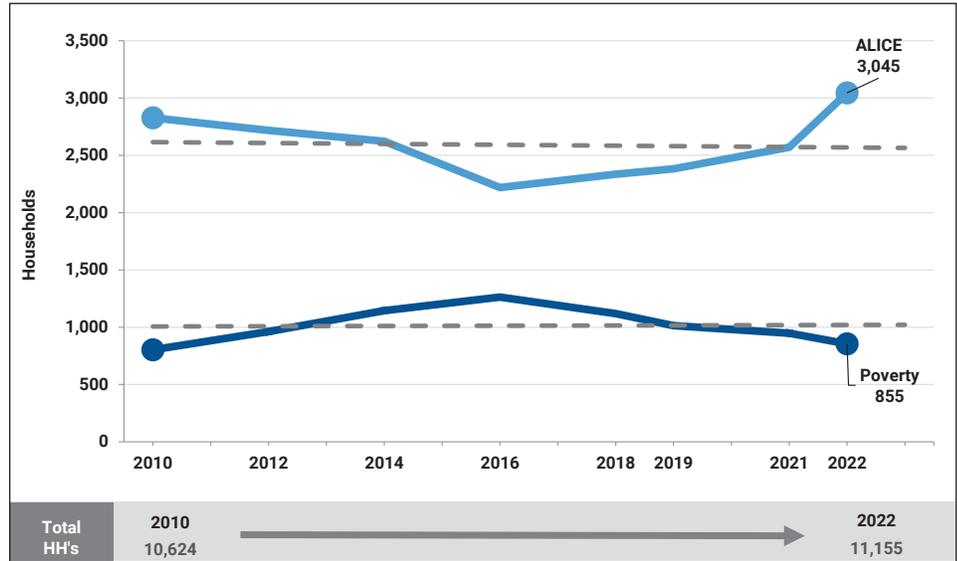

**Population:** 28,167 • **Number of Households:** 11,155  
**Median Household Income:** \$68,074 (state average: \$66,785)  
**Labor Force Participation Rate:** 66.5% (state average: 63.9%)  
**ALICE Households:** 27% (state average: 27%) • **Households in Poverty:** 8% (state average: 13%)

## Financial Hardship Over Time

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. This was especially true amid the economic crosscurrents of the COVID-19 pandemic, with higher wages, inflation, and additional pandemic assistance. By 2022, 3,900 households (35%) were below the ALICE Threshold in Wells County.

## Households by Income, Wells County, 2010–2022

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2022, household costs in Wells County were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.
